## INTRODUCTION

This booklet provides a summary of an employer's responsibility for withholding Louisiana income tax on wages for their employees. It is not intended as a substitute for the actual statutes and regulations. The responsibility for withholding income tax on wages applies to all employers.

## ONLINE FILING APPLICATIONS

Louisiana Taxpayer Access Point (LaTap) is a free online service provided by the Louisiana Department of Revenue that allows business taxpayers to access their accounts online, file certain reports, and make payments. Use of this application is recommended for filing the L-1 return and is available at [www.revenue.louisiana.gov](http://www.revenue.louisiana.gov).

[LaWage](#) is another online application to be used to submit the L-3 Annual Reconciliation of Louisiana Income Tax Withheld. This application is also available at [www.revenue.louisiana.gov](http://www.revenue.louisiana.gov).

## DEFINITIONS

**Employer** – The term employer means any entity for whom an individual performs or has performed any service, of whatever nature, as an employee. An employer may be a resident or nonresident individual; a corporation, including a nonprofit corporation; partnership; trust; estate; or other unincorporated organization, group, or entity; or any entity having control of or making payment of wages on behalf of an employer. Thus, for a governmental entity, the person designated as having control of or making payments of wages is considered the employer.

**Employee** – Every individual, whether resident or nonresident, who performs services for wages and who is subject to the will and control of an employer, is considered to be an employee for the purposes of this tax. The employer could permit the employee considerable discretion and freedom of action. Nevertheless, the employer has the legal right to control both the method and the result of the rendered services. If the relationship of employer and employee exists, the description of the relationship by the parties of anything other than that of employer and employee is immaterial.

In general, persons who are in business for themselves are not employees. For example, physicians, lawyers, dentists, veterinarians, contractors, public stenographers, and others who follow an independent trade, business, or profession in which they offer their services to the public are not employees.

**Taxable Wages** – All types of compensation for services performed by an employee for an employer, whether paid in cash or in any other medium, that are subject to federal withholding tax are also subject to Louisiana withholding as defined in Revised Statute [47:111\(A\)](#). Wages for Louisiana withholding purposes include all compensation for personal services, such as salaries, fees, bonuses, commissions, vacation allowances, back pay, and retroactive wage increases. Wages also include the fair market value of compensation paid other than in cash, such as property, board, lodging, maintenance, meals, or other consideration given for personal services. Payments may be based on the hour, day, week, month, year, or on a percentage plan. Although an employee must report tips or gratuities on their individual income tax return, such payments are not included as wages when they are paid to an employee by a customer. Amounts paid specifically as advances or reimbursements for traveling or other bona fide expenses incurred or reasonably expected to be incurred in the employer's business are not subject to withholding. In order to be excluded from the withholding requirements, expense payments must be identified either by separate payment or by specifically indicating the separate amounts where both wages and expense allowances are combined in a single payment.

## YOUR DUTIES AS AN EMPLOYER

As an employer, it is your duty to:

- register for a withholding tax identification number with the Department of Revenue if you have employees who are subject to withholding tax;
- secure an Employee's Exemption Certificate, [Form R-1300](#) (L-4), from each employee at the time of employment and when exemption status changes;
- withhold the proper amount of state tax;
- file and pay state withholding income tax on a semimonthly, monthly, quarterly, or annual basis;
- furnish each employee with a state copy of the Federal Form W-2 at the end of their employment or before January 31 of the following calendar year if employment is continued; and,
- file an Annual Reconciliation of Tax Withheld, [Form L-3](#), along with state copies of all Federal Forms W-2 issued during the year on or before the first business day following February 27 of the following year.

## WHICH FORM TO USE

All the following forms except Federal Form W-2 are available on our website at [www.revenue.louisiana.gov](http://www.revenue.louisiana.gov)

**R-16019 (CR-1)** – This form is an Application for a Louisiana Tax Identification Number. You can easily submit your application electronically by using our [Online Business Registration](#) application, or use this form to apply for a tax identification number.

**L-1** – This form is the Employer's Return of Louisiana State Income Tax Withheld and is used to submit state income taxes withheld from wages paid during the tax period covered. The information required on this form may be filed electronically by using our [LaTap](#) application to file and pay your withholding tax.

**W-2** – This is a federal form used to indicate the amount of Louisiana wages earned and state income taxes withheld from employees' wages during the year. Copies of W-2's are submitted with the annual reconciliation form, L-3.

**L-3** – This form is the Employer's Annual Reconciliation of Louisiana Income Tax Withheld used to reconcile the total amount of income tax withheld that was reported with Form L-1 filings during the calendar year to the total amount of income tax withheld that was listed on your employees' Wage and Tax Statements, Form W-2. Form L-3 also serves as a transmittal for sending the Department of Revenue copies of your employees' W-2 forms. It is recommended that the reconciliation be submitted electronically using our LaWage application.

**R-1300 (L-4)** – This form is the Employee's Withholding Exemption Certificate that is completed by the employee, and used to determine the correct amount of tax to be withheld by providing the employer with the number of withholding exemptions and the number of withholding credits for dependents. The form must be completed by employees who are Louisiana residents and by nonresidents who perform services in Louisiana.

**R-1307 (L-4E)** – This form is the Exemption from Withholding Certificate that is completed by the employee and may be used by employees who incurred no liability for Louisiana income tax for the prior year and who anticipate no income tax liability for the current year. A properly completed form, provided by the employee, will exempt

the employer from withholding any Louisiana income tax from the employee. If, at any time, the employee's status changes, and is expected to incur an income tax liability, the employee must file [R-1300](#) (L-4) with the employer.

#### **WHEN TO OBTAIN A TAX IDENTIFICATION NUMBER**

An employer who is opening a business with employees or who has acquired the business of another employer must obtain a new tax identification number. Exceptions to this rule are:

- sole proprietorships acquired by one spouse from the other;
- the sale of a partnership interest to one or more existing partners;
- corporation capital stock transfers where the corporation whose stock is acquired continues its operation; and,
- employers who already have a tax identification number and elect to report the withholding taxes of the newly acquired business or newly opened location on their existing withholding account.

All correspondence concerning state income tax withholding must include the employer's tax identification number.

#### **PAYING INCOME TAX WITHHELD**

The employer is required to pay to the Department the entire amount of Louisiana income tax withheld during the period when filing each withholding tax return. If an employer fails to withhold the required amount during a particular period, the employer's liability to the Department remains until payment of the correct amount of tax is made. In circumstances where the Department feels that delay in filing the return would jeopardize the collection of the tax, payment will be required immediately upon being withheld.

#### **DETERMINING THE AMOUNT OF TAX TO BE WITHHELD**

According to Louisiana Administrative Code 61:1.1501, employers are required to deduct and withhold taxes in an amount determined in accordance with the tables or formula provided through the rulemaking process.

The Withholding Tax Tables method determines the amount of tax to be deducted and withheld based upon the employee's payroll period, number of withholding exemptions and dependency credits, and wage brackets as illustrated in the tables that begin on Page 10 of this booklet.

The formula method produces equivalent amounts and is provided on Page 9 of this booklet.

#### **WITHHOLDING FOR RESIDENTS**

Wages earned in Louisiana are subject to Louisiana withholding income tax. Wages earned in another state are subject to withholding of income tax by the other state, unless that state does not levy an income tax against its residents. For example, wages earned in Mississippi are subject to Mississippi withholding and Mississippi income tax withheld would be paid to that state. Conversely, wages earned in Texas, which has no state income tax, would be subject to withholding of income tax for Louisiana.

#### **WITHHOLDING FOR NONRESIDENTS**

Wages earned in Louisiana are subject to Louisiana income tax withholding. If a nonresident employee performs services partly inside and partly outside the state, only wages for services performed within the state are subject to withholding, provided the employee files with the employer an Employee's Withholding Exemption Certificate, [Form R-1300](#) (L-4). If no certificate is filed, all of the wages paid to the employee are subject to withholding.

To determine the Louisiana income subject to withholding tax, calculate a percentage by dividing the number of days worked in Louisiana by the total number of days worked. Do not include

nonworking days or days absent for which no wages were paid. Multiply the total income earned by the employee by this percentage to obtain the taxable Louisiana income. If the nonresident employee's income is dependent upon the volume of sales (such as a commissioned salesperson), the income earned from sales negotiated within Louisiana would be subject to Louisiana withholding.

The employer may use the previous year's percentage to determine the Louisiana taxable income for the current year. If the prior year's percentage would not be applicable, the employee may furnish a statement estimating the portion of his wages subject to Louisiana withholding, or the employer may make such an estimate and withhold on that basis. When withholding is based on an estimate of the Louisiana wages, the employer must actually compute the Louisiana wages prior to the close of the year. If the amount withheld is insufficient, the employer must withhold additional tax prior to the close of the year so that the proper amount will be withheld for the year.

#### **SICK PAY MAY BE EXCLUDED**

In reporting wages for Louisiana income tax withholding purposes, employers may exclude payments made under a wage continuation plan for periods of time when employees were absent from work because of personal injuries or sickness to the extent that the excludable amounts and rates are identical to those established under federal income tax laws and regulations.

#### **WAGES TO BE EXEMPT FROM WITHHOLDING TAX**

According to [R.S. 47:111\(A\)\(10\)](#), the exclusions are the same as those for federal withholding purposes so that wages exempt for federal withholding will also be exempt for Louisiana withholding.

#### **PAYROLL PERIOD**

For the purposes of withholding income tax, an employee may have only one payroll period for wages paid by any one employer. The payroll period is the period of service for which the employer ordinarily pays wages to an employee.

If an employee has a regular payroll period, the tax should be withheld on the basis of that period even if the employee does not work the full period.

In the case of an employee who has no payroll period, the tax to be withheld must be determined as if payment were made on a daily or miscellaneous basis. This method requires the employer to determine the number of working days in the period covered by the wage payment. If the wages are unrelated to a specific length of time (for example, commissions paid on completion of a sale), then the number of days in the payroll period must be counted from the most recent of the following: (a) the last payment of wages made during the same calendar year, (b) the date employment commenced if during the same calendar year, or (c) January 1 of the same calendar year.

In cases where an employee is paid for a period of less than one week and the employee submits a written and signed statement that work was not performed for wages subject to withholding for any other employer during the same calendar week, the employer is permitted to compute the withholding on the basis of a weekly payroll period, instead of a daily or miscellaneous period. If the employee later begins working for wages subject to withholding for another employer, the employee is allowed ten days to notify the employer to whom he gave the written statement, and thereafter, the employer must compute the withholding on the basis of a daily or miscellaneous period.

## SUPPLEMENTAL WAGE PAYMENTS

Supplemental and vacation pay is subject to withholding. The amount of withholding would be determined in the same manner as the employee's regular payroll. It does not matter if supplemental pay or vacation pay was included in the regular payroll or paid at a different time.

## WITHHOLDING EXEMPTIONS AND CREDITS FOR DEPENDENTS

For income tax withholding, employers are required to allow withholding exemptions and withholding credits for dependents for each employee on the basis of a withholding exemption certificate signed by the employee. Each employee is required to furnish either [Form R-1300](#) (L-4) or [Form R-1307](#) (L-4E) to his employer. Form R-1300 (L-4) is used to indicate the number of Louisiana withholding personal exemptions and credits for dependents. Form R-1307 (L-4E) should be used when an employee incurred no liability for Louisiana income tax for the prior year and does not anticipate an income tax liability for the current year.

The difference between a withholding exemption and a withholding credit for dependents must be taken into account since they have a different effect on the amount of tax to be withheld. A withholding exemption is the exemption an employee may claim for himself or his spouse and exempts \$4,500 of annual wages from withholding income tax for each exemption claimed. The maximum number of exemptions that can be claimed is two. There is no provision for withholding based on the head of household filing status. Such taxpayers may claim only a single withholding exemption and the appropriate number of dependency credits.

A withholding credit for dependents is the credit an employee may claim for any person who qualifies as a dependent of the employee and exempts \$1,000 of annual wage from withholding income tax. There is no limit on the number of dependents that can be claimed. However, for an employee who has more than six dependents, the amount of withholding tax may be determined by reducing the tax shown in the column for six dependents by the amount shown for the applicable payroll period multiplied by the number of dependents over six. The table below provides the amount of reduction associated with each payroll period.

Payroll Period	Amount of Reduction
Daily	\$ .08
Weekly	.40
Biweekly	.88
Monthly	1.75

An employer should ask each new employee to furnish a certificate on or before employment commences. If an employee fails to furnish a Louisiana withholding exemption certificate, the employer is required to withhold tax as if the employee had claimed no withholding exemptions or credits for dependents. The employer is not required to determine whether the employee has claimed the correct number of withholding exemptions and credits. However, if it is believed that the employee has claimed an excessive number of withholding exemptions, the Department of Revenue should be advised.

Once filed with the employer, a withholding exemption certificate will remain in effect until an amended certificate is furnished. Amended certificates should be filed by employees to show changes in the number of exemptions or credits. The following rules govern the time for filing amended certificates:

Within ten days of a reduction, the employee

- must file an amended certificate reducing the number of exemptions if the change in exemptions or credits would increase the tax to be withheld.
- The employee may file an amended certificate increasing the number of exemptions at any time if the change in exemptions or credits would reduce the tax to be withheld.

The employer may make the amended certificate effective with the next payment of wages, but is permitted by law to postpone the effective date until the first status determination date (January 1 or July 1) that occurs at least 30 days after the date on which the certificate is filed with the employer.

By agreement between the employer and the employee, the filing of the federal Withholding Exemption Certificate Form W-4 may also constitute the filing of the Louisiana Withholding Exemption Certificate L-4 and may be used as such by the employer. In such cases, the employer must assume the responsibility of properly determining the employee's exemptions and credits under Louisiana law.

## PENALTY FOR FALSE CERTIFICATE

The Department is authorized to assess a penalty of \$500 against employees who, upon investigation, are determined to have filed false or fraudulent withholding tax exemption certificates with the employer. Employers are required to submit copies of [Form R-1300](#) (L-4) furnished to them by employees who claim exemptions and dependency credits of 15 or more. Employers are also required to submit copies of [Form R-1307](#) (L-4E) to claim exemption from withholding for employees whose wages are more than \$200 per week. The forms meeting either or both of these criteria must be submitted, even if the employer believes them to be incorrect.

## FILING PERIODS FOR SUBMITTING L-1 RETURNS

Taxpayers may use our [LaTap](#) application to file and pay withholding income tax electronically. A coupon booklet or individual pre-addressed forms with the taxpayer's account number and filing status will automatically be mailed by the Department of Revenue to registered employers who do not choose to file and pay the tax electronically. Those forms should be used to file the return. However, failure to receive pre-addressed forms from the Department of Revenue does not relieve the employer from the obligation of filing a timely return.

## Quarterly returns

Newly registered taxpayers are generally required to file their withholding income tax returns on a quarterly basis. Employers who withheld or were required to withhold income tax from wages during a calendar quarter must file an Employer's Return of Louisiana Income Tax Withheld, [Form L-1](#), for that quarter and for each succeeding quarter of the calendar year.

Once a quarterly return has been filed, quarterly returns must be filed for the remainder of that calendar year, regardless of the amount withheld. Under no circumstances may a quarterly return include more than one calendar quarter. The calendar quarters to be covered by these returns and their filing deadlines for the returns and tax payments are as follows:

Quarter	Filing Deadline
Jan. 1–March 31	Apr. 30
Apr. 1–June 30	July 31
July 1–Sept. 30	Oct. 31
Oct. 1–Dec. 31	Jan. 31

If the due date falls on a weekend or holiday, the return is due the next business day and becomes delinquent the first day thereafter.

Duplicate coupon booklets or additional forms may be obtained on the Department's website at [www.revenue.louisiana.gov](http://www.revenue.louisiana.gov) or by calling the Department of Revenue at (225) 219-7318 option 6.

The last return filed by an employer who either goes out of business or otherwise ceases to pay wages must be marked "final return."

### Monthly returns

Every employer required to deduct and withhold any tax and every person who deducts and withholds \$500, but less than \$2,000, from the combined wages of all employees within any calendar month, must submit a monthly L-1 return and must pay the tax withheld. Once a monthly return has been filed, a monthly return must be filed for the remainder of that calendar year, regardless of the amount withheld.

At the request of an employer, the Department may permit a withholding tax return to be submitted and the tax to be paid on a monthly basis.

The monthly return must be filed by the last day of the month following the close of the month of withholding. If the due date falls on a weekend or holiday, the return is due the next business day and becomes delinquent the first day thereafter.

### Semimonthly returns

Every employer required to deduct and withhold any tax and every person who deducts and withholds \$2,000 or more from the combined wages of all employees within any calendar month must file semimonthly returns and must pay the tax withheld. Once a semimonthly return has been filed, semimonthly returns must be filed for the remainder of that calendar year, regardless of the amount withheld.

The semimonthly return must be filed by the last day of the month for taxes withheld for the payroll period ending on the 15th and by the 15th day of the following month for taxes withheld for the payroll period ending on the last day of the month. If the due date falls on a weekend or holiday, the return is due the next business day and becomes delinquent the first day thereafter.

### Annual return, estimated tax

Upon application, the Department may allow an employer to file a single Annual Report of Estimated Tax to be Withheld, if the employer meets ALL of the following requirements:

- a. The employer estimates that the total Louisiana withholding tax required to be withheld on his ENTIRE payroll for the ENTIRE year must not exceed \$100; and
- b. The total amount of Louisiana tax required to be withheld for the immediately preceding year did not exceed \$100; and
- c. All required withholding returns for the preceding calendar year were timely filed; and,
- d. The employer remits the tax estimated to be due for the following calendar year to the Department not later than February 28 of such year.

Tax due in excess of the amount previously paid when the tax was estimated should be remitted with an amended return filed for the tax year.

An overpayment resulting from payments made when using an estimated annual withholding tax will be refunded upon filing an amended return for the tax year.

### ADJUSTMENTS TO WITHHOLDING TAX

If no withholding tax, or less than the correct amount of withholding tax, is deducted from an employee's wages, the employer is authorized to deduct the amount of the undercollection from later payments to the employee. However, the employer is liable to the Department of Revenue for any underpayment. Reimbursement to the employer is a matter of settlement between the employer and the employee.

If more than the correct amount of tax is deducted from any wage payment, the overcollection will be repaid to the employee. The employer must obtain and keep as part of his records a written receipt from the employee showing the date and amount of the repayment. Every overcollection for which the employer does not have evidence of repayment to the employee must be reported and paid to the Department of Revenue with the return for the quarter in which the overcollection was made.

Adjustments of prior period taxes cannot be made on a current filing of the employer's withholding tax return. Attempts to do so can result in unnecessary billings or delays in issuing refunds. Adjustments must be filed by amending the tax return for the tax period that corresponds to the original return. The amended return can be filed by utilizing [LaTap](#) or by filing a paper return. When filing an amended tax return, please mark the amended tax return box on the paper return to ensure proper processing. Adjustments made to a filing through Electronic Funds Transfer must be made by filing an amended return.

Underpayments of withholding tax, should have penalty and interest assessments included if the payment of the tax is past the original due date.

### COMPLETING AN AMENDED RETURN

Below are the instructions to file an amended Form L-1 Lines 1 - 4.

**Line 1** – Enter the amount of Louisiana income tax withheld or required to be withheld from the wages of your employees.

**Line 2** – Penalty: Due only if the original return was not timely filed. Penalty is computed on the actual tax withheld on Line 1 at a rate of 5 percent per 30-day period or any fraction thereof, from the filing deadline of the original return to the date the original return was filed. The maximum late penalty is 25 percent.

**Line 3** – Interest: Calculated on the actual tax withheld on Line 1. Because the interest rate varies from year to year, refer to the schedule of interest rates on uncollected taxes, [Form R-1111](#).

**Line 4** – Remittance for amount due should be made by check, money order, or by electronic funds transfer. Cash should not be sent through the mail.

**NOTE:** Refunds, as a result of overpaying the withholding tax on income for the original period, are generated when the employer files an amended return. Refunds will not be issued until other existing liabilities in the account are cleared.

### PROVIDING RECEIPTS FOR EMPLOYEES

No later than January 31 of the following year, employers must furnish the two designated copies of the Withholding Tax Statement (Copies B and C of Federal Form W-2) to each employee whose wages were subject to withholding or would have been subject to withholding if the employee had claimed no more than one withholding personal exemption. Thus, even though no income tax was withheld, the employer must give a withholding statement to each employee including all remuneration paid, regardless of whether that remuneration was in the form of cash or otherwise, and the

amount of income tax withheld on the amount of remuneration.

Federal Form W-2 should indicate the Louisiana tax identification number. If no tax identification number has been assigned, "none" should be entered in box 15 of the W-2.

If it becomes necessary to correct Federal Form W-2 after it has been given to an employee, a corrected statement must be issued to the employee and a copy mailed to the Department of Revenue. Corrected statements should be clearly marked "Corrected by employer." In case a withholding statement is lost or destroyed, a substitute copy clearly marked "Reissued by employer" should be furnished to the employee.

If an employee is terminated and Federal Form W-2 has been provided for the period that was worked during a particular year, and the employee is later re-employed by the employer during the calendar year, another Federal Form W-2 must be furnished to the employee covering the later period of employment.

An employee who leaves the service of an employer before the close of the calendar year and is not expected to return to work must be furnished with Federal Form W-2 no later than 30 days after the last payment of wages was made.

#### **RECONCILING LOUISIANA TAX WITHHELD ANNUALLY**

On or before the first business day following February 27 of each year, or on or before the 30th day after the date on which the final payment of wages is made, every employer must file an Employer's Annual Reconciliation of Louisiana Income Tax Withheld, Form L-3. Copies of employees' Withholding Tax Statements, Form W-2 are required to accompany the annual reconciliation. An employer has several options in the manner in which the annual reconciliation is filed. Employers may submit copies of Withholding Tax Statements, Form W-2's electronically through [LaWage](#) or on CD's or DVD's using a record layout that is consistent with the Internal Revenue Service requirements. For those persons who receive pre-addressed coupon booklets, the L-3 is included in the booklet.

A penalty of five dollars per statement is imposed, not to exceed \$7,500, for the delinquent submission or failure to submit each employee's Form W-2 with the annual or final return.

#### **FILING FORM L-3**

Employers may use our LaWage application for filing the necessary L-3 documents. As an alternative to LaWage, the Department of Revenue accepts CD's and DVD's as the preferred physical media to file Form L-3 and the copies of Federal Form W-2 for each employee. Louisiana Administrative Code 61:1.1515, which provides information concerning label requirements, can be found on our website at [www.revenue.louisiana.gov](http://www.revenue.louisiana.gov). Employers with questions concerning filing should contact the Department at (225) 219-7318 option 6.

As provided by [R.S. 47:114](#) (F)(2), the secretary may require employers to file both their L-3 return and the employees Withholding Tax Statements, Federal Form W-2 through electronic means. The electronic filing requirement is being phased in over several years with the number of employee receipts being the determining factor of when the employer would be required to file electronically. The schedule is:

- a. Returns and receipts due on or after January 1, 2008, those employers who are required to file returns with two hundred fifty or more receipts.
- b. Returns and receipts due on or after January 1, 2010, those employers who are required to file returns with two hundred or more receipts.
- c. Returns and receipts due on or after January 1, 2012, those employers who are required to file returns with one hundred fifty or more receipts.

d. Returns and receipts due on or after January 1, 2014, those employers who are required to file returns with one hundred or more receipts.

e. Returns and receipts due on or after January 1, 2016, those employers who are required to file returns with fifty or more receipts.

#### **RECORDS TO KEEP**

The records required to be kept include the amount and dates of all wage payments subject to Louisiana income tax; the names, addresses, and occupations of employees receiving such payments; the periods of their employment; their Social Security Numbers; their income tax withholding exemption certificates, Form R-1300 (L-4); the employer's tax identification number; record of quarterly and annual returns filed; and the dates and amounts of payments made. For nonresident employees, a record of the allocation of working days must be kept. The employer should also keep such other records that would assist the Department of Revenue in auditing their books and records.

#### **PENALTIES**

A delinquent penalty of 5 percent is added to the tax for failure to file a timely return, if the failure is for no more than 30 days. An additional 5 percent for each additional 30 days or fraction thereof during which the failure to file continues will be added to the amount.

A late payment penalty of 5 percent is added to the tax for failure to remit the full amount due, if the failure is for no more than 30 days. An additional 5 percent for each additional 30 days or fraction thereof during which the failure continues will be added to the amount. The combined delinquent and late payment penalties will not exceed 25 percent.

The law imposes severe civil and criminal penalties for failure to comply with the detailed requirements of the withholding law.

#### **INTEREST**

All funds not timely remitted will bear interest, calculated from the filing deadline of the withholding return L-1 until the date the taxes are paid. Because the interest rate varies from year to year, refer to the schedule of interest rates on uncollected taxes, [Form R-1111](#).

#### **ASSISTANCE**

Employers who have questions or special problems not covered in this booklet may obtain assistance by calling the Department at (225) 219-7318 option 6.

## COMPUTER FORMULA METHOD

The overall structure of the formulas used to compute the withholding tax is to calculate the tax on the total wage amount and then subtract the amount of tax calculated for the personal exemptions and credits for dependents that the taxpayer claims for withholding purposes. The correct withholding formula depends upon the number of personal exemptions claimed and annual wages. Any taxpayer may use the single taxpayer withholding formulas; **however, those taxpayers claiming 2 exemptions on their R-1300 (L-4) must use the married taxpayer formulas.**

### 1. Single Taxpayer Withholding Formulas

W is the withholding tax per pay period.  
S is employee's salary per pay period for each bracket.  
X is the number of personal exemptions; X must be 0 or 1.  
Y is the number of dependency credits; Y must be a whole number that is 0 or greater.  
N is the number of pay periods.  
A is the effect of the personal exemptions and dependency credits equal to or less than \$12,500;  
 $A = .021(((X*4,500)+(Y*1,000))\div N)$ .  
B is the effect of the personal exemptions and dependency credits in excess of \$12,500;  
 $B = .016(((X*4,500)+(Y*1,000))-12,500)\div N)$ .  
If annual wages are less than or equal to \$12,500, then  
 $W = .021(S)-(A+B)$ .  
If annual wages are greater \$12,500 but less than or equal to \$50,000, then  
 $W = .021(S)+.0160(S-(12,500\div N))-(A+B)$ .  
If annual wages are greater than \$50,000, then  
 $W = .021(S)+.0160(S-(12,500\div N))+.0135(S-(50,000\div N))-(A + B)$

#### Example 1

Taxpayer is claiming 1 personal exemption and 2 dependency credits.  
Taxpayer is paid \$700 weekly (52 pay periods, \$36,400 annual salary).

The formula to use in this example is:

W is the withholding tax per pay period.  
S is employee's salary per pay period for each bracket.  
X is the number of personal exemptions; X must be 0 or 1.  
Y is the number of dependency credits; Y must be a whole number that is 0 or greater.  
N is the number of pay periods.  
 $A = .021(((X*4,500)+(Y*1,000))\div N)$ .  
 $B = .016(((X*4,500)+(Y*1,000))-12,500)\div N)$ .  
 $W = .021(S)+.0160(S-(12,500\div N))-(A+B)$ .

The calculation for this example:

$S = 700$   
 $X = 1$   
 $Y = 2$   
 $N = 52$   
 $A = .021(((1*4,500)+(2*1,000))\div 52)$   
 $= .021((4,500+2,000)\div 52)$   
 $= .021(6,500\div 52)$   
 $= .021(125.00)$   
 $= 2.63$

$B = .016(((1*4,500)+(2*1,000))-12,500)\div 52)$   
 $= .016(((4,500+2,000)-12,500)\div 52)$   
 $= .016((6,500-12,500)\div 52)$   
 $= .016(0\div 52)$   
 $= .016(0)$   
 $= 0$

Remember, if any of the variables in the formula are negative, the negative variable should be considered zero.

$W = .021(700)+.0160(700-(12,500\div 52))-(A + B)$   
 $= 14.70+.0160(700-240.38)-(2.63+0)$   
 $= 14.70+.0160(459.62)-2.63$   
 $= 14.70+7.35-2.63$   
 $= 19.42$

### 2. Married Taxpayer Withholding Formulas

W is the withholding tax per pay period.  
S is the employee's salary per pay period for each bracket.  
X is the number of personal exemptions. X must be 2.  
Y is the number of dependency credits. Y must be 0 or greater.  
N is the number of pay periods.  
A is the effect of the personal exemptions and dependency credits equal to or less than \$25,000;  
 $A = .021(((X*4,500)+(Y*1,000))\div N)$   
B is the effect of the personal exemptions and dependency credits in excess of \$25,000;  
 $B = .0165(((X*4,500)+(Y*1,000))-25,000)\div N)$ .  
If annual wages are less than or equal to \$25,000, then  
 $W = .021(S)-(A+B)$ .  
If annual wages are greater \$25,000 but less than or equal to \$100,000, then  
 $W = .021(S)+.0165(S-(25,000\div N))-(A+B)$ .  
If annual wages are greater than \$100,000, then  
 $W = .021(S)+.0165(S-(25,000\div N))+.0135(S-(100,000\div N))-(A+B)$ .

#### Example 2

Taxpayer is claiming 2 personal exemption and 3 dependency credits.  
Taxpayer is paid \$4,600 bi-weekly (26 pay periods, \$119,600 annual salary).

The formula to use in this example is:

W is the withholding tax per pay period.  
S is the employee's salary per pay period for each bracket.  
X is the number of personal exemptions. X must be 2.  
Y is the number of dependency credits. Y must be 0 or greater.  
N is the number of pay periods.  
 $A = .021(((X*4,500)+(Y*1,000))\div N)$   
 $B = .0165(((X*4,500)+(Y*1,000))-25,000)\div N)$   
 $W = .021(S)+.0165(S-(25,000\div N))+.0135(S-(100,000\div N))-(A+B)$ .

The calculation for this example:

$S = 4,600$   
 $X = 2$   
 $Y = 3$   
 $N = 26$   
 $A = .021(((2*4,500)+(3*1,000))\div 26)$   
 $= .021((9,000+3,000)\div 26)$   
 $= .021(12,000\div 26)$   
 $= .021(461.54)$   
 $= 9.69$

$B = .0165(((2*4,500)+(3*1,000))-25,000)\div 26)$   
 $= .0165(((9,000+3,000)-25,000)\div 26)$   
 $= .0165((12,000-25,000)\div 26)$   
 $= .0165(0\div 26)$   
 $= .0165(0)$   
 $= 0$

Remember, if any of the variables in the formula are negative, the negative variable should be considered zero.

$W = .021(4,600)+.0165(4,600-(25,000\div 26))+.0135(4,600-(100,000\div 26))-(A+B)$   
 $= 96.60+.0165(4,600-961.54)+.0135(4,600-3,846.15)-(9.69 + 0)$   
 $= 96.60+.0165(3638.46)+.0135(753.85)-9.69$   
 $= 96.60+60.03+10.18-9.69$   
 $= 157.12$

**WAGE BRACKET TABLES AND INSTRUCTIONS**

1. Select the set of tables that corresponds to the payroll period of the employee.
2. With the use of the information obtained from Form R-1300 (L-4), Employee's Withholding Exemption Certificate, determine which column of the tables to use.
  - If your employee claims neither himself, his spouse, nor any dependency credits, use Column 0.
  - If your employee claims only himself, whether he is married or not, use Column 1.

Also, use the appropriate subcolumn for the number of dependency credits he is claiming.

- If your employee claims himself and his spouse, use Column 2. Also, use the appropriate subcolumn for the number of dependency credits he is claiming.
- Unless otherwise indicated, amounts listed in the tables indicate dollars and cents.

15

**Exemption:** Husband, wife, or single person

**Dependency credit:** Child, stepchild, etc., as described in Internal Revenue Code, Section 152.

**Adjustments to wage bracket tables**

Provision is made in each of the wage bracket withholding tables for withholding personal exemption for a single and for a married person, up to and including six credits for dependents. There is no provision for withholding based on head-of-family status. Such taxpayers may claim only a single withholding personal exemption.

When an employee has more than six dependents, the amount to be withheld may be determined by reducing the tax shown in the column for six dependents by the amount shown at right for the applicable payroll period multiplied by the number of dependents over six.

Payroll Period	Amount of Reduction
Daily	\$ .08
Weekly	.40
Biweekly	.80
Semimonthly	.88
Monthly	1.75

When the employee claims only credits for dependents and no withholding personal exemption, the amount to be deducted and withheld should be determined by reducing the amount selected under the column for employees claiming no exemption or credits by the amount shown above multiplied by the number of dependents claimed.
